IMPORTANT WARRANTY INFORMATION

WARRANTY PERIOD:

Horse Power Fence Chargers are warranted for a period of 24 months from the date of original purchase.

WARRANTY COVERAGE:

Horse Power Fence Chargers are warranted to be free from faulty workmanship or materials. The warranty includes failure due to remote lightening strikes but excludes direct strikes to the fence charger itself.

WARRANTY TERMINATION:

This warranty will terminate should any of the following occur:

1. The case is cracked, broken or disfigured or the seal is broken indicating that the unit has been opened by someone other than a Horse Power Fence Charger designated repair technician.
2. The plug in cord on 110 units, or the connection wires on battery units have been damaged or altered.
3. The mail in portion of the warranty card is not mailed in within 30 days from the original purchase date.
You may call 1-800-843-3702 to verify receipt of your warranty card.

HOW TO MAKE A WARRANTY CLAIM:

In the event that your Horse Power Fence Charger ceases to function, follow these instructions:

1. 110 volt. Plug another electrical device such as a drill, into the outlet to ensure that power is available.
2. Battery or Solar models. Test the battery for power with an ohmmeter or battery tester.
3. All models. Check that the connection wires to the fence and ground rods are clean, then check the fence line for dead shorts, as in broken wire touching the earth or plant material touching the fence.
4. If no fault is found in the power supply or fence line, return the fence charger, along with this portion of the warranty card and your original receipt to the selling dealer for an in store exchange.

IMPORTANT

THE DEALER MUST FILL IN THE REVERSE SIDE OF THIS CARD TO RECEIVE FULL CREDIT
THE WARRANTY IS VOID IF CONDITIONS STATED UNDER WARRANTY TERMINATION EXIST
